

2024 THIRD QUARTER Quick Reference Preferred Drug List - Tiers 1 & 2

The 2024 Quick Reference Preferred Drug List is an alphabetical listing of preferred and generic drugs. Generics should be considered the first line of prescribing. The preferred medicines are listed to help identify products that are clinically appropriate and cost effective. This is not an all-inclusive list and is subject to change. This list represents **brand products in CAPS** and **generic products in lowercase**.

The Preferred Alternatives Drug List, lists non-preferred brand-name drugs with their preferred and/or generic alternatives.

Please note that specific prescription benefit plan designs may not cover certain medicines, regardless of their appearance in this document. Please read the prescription drug section of your Group Plan Booklet-certificate. Also please note that **some of the drugs listed may be on one of the pharmacy programs; Dose Optimization, Prior Authorization or Quantity limits - those drugs are identified with an asterisk (*)**.

We encourage you to register and use the Caremark website that is linked to the www.nipponlifebenefits.com website. Use the “Check Drug Coverage and Cost” tool on the CVS Caremark website for the most up to date information. If you do not have access to the website, or would prefer to talk to a customer service representative, have your ID card available and call CVS Caremark customer service at **866-644-7527**.

We cover family planning services which consist of FDA-approved contraceptive methods prescribed by a Provider, not otherwise Covered under the Prescription Drug Coverage section of your Nippon Life Insurance Company of America Booklet-Certificate, counseling on use of contraceptives and related topics, and sterilization procedures for women. Such services are not subject to Copayments, Deductibles or Coinsurance when provided in accordance with the comprehensive guidelines supported by HRSA and items or services with an “A” or “B” rating from USPSTF and when provided by a Participating Provider. More information can be provided in this document.
