■ **Do I have to be a member to use the app?**

Anyone with a mobile device can use the Find a Provider feature. But you must be a member and log in to access features such as Benefits, Claim Status, and View my ID Card. If you are not yet a registered user you can register through the app or on our website: www.nipponlifebenefits.com

■ **Can my employer or provider use the app to obtain information regarding my benefits or claims?**

At this time, our app is only available to employee, not employers or providers. Dependent registrations (all members age 18 and over) are available.

Security

■ Is the app secure?

Users must always enter a User ID and password to get into the secure member site. Without the benefit of a User ID and Password, no one can reach your personal data. To protect information between your mobile device and our web servers, Nippon Life Benefits uses encryption technology to protect all exchanges of information to maintain your privacy.

■ Will my mobile session time out?

Yes, your session will time out after 15 minutes of inactivity in order to protect you and your personal information.

■ Why do I have to log in every time I use the app?

For your safety, you must sign in with your User ID and Password every time. We want to make sure your personal information is protected when you are not using the app.

■ Can I use the app overseas?

For security reasons, our app is only available within the United States. If you need to check your benefits while overseas, please log in to our member site to access information:
